

The Rag Tag Angel Choir

It was Christmas Eve and they gathered in the
park around a bonfire

Over the years they became known by many
as the Rag Tag Angel Choir

Most of them lived in homeless shelters or just
struggled daily living on the streets

Their daily routine was finding shelter, staying
alive and finding something to eat

And yet on this special night their love of music
and song brought them together

With Christmas in their hearts, proudly they stood
and sang aloud despite the cold weather

Soon a crowd gathered, some bringing extra clothes
and others bringing hot food to share

And the Rag Tag Angel Choir sang on with the feeling
of hope and Christmas in the air
